MEMORANDUM FOR: [REDACTED]

25X1A9a

SUBJECT: Commendation

1. I should like to express to you my profound appreciation for your capable assistance which enabled this Office to meet a commitment for priority intelligence support to the Director and to the President. This intelligence support, in the form of a paper entitled Effects of the Rolling Thunder Program in North Vietnam's Reaction to the Bombing Pause, was urgently needed on the morning of 1 February 1966 and was ready for final typing in mid-afternoon on 31 January, the day on which Federal employees generally were instructed not to report to work due to the recent heavy snowfall. Although not a designated member of the Office Weather Emergency Cadre and notwithstanding the adverse weather and resulting hazardous road conditions, you were the only ORR secretary who reported for work and one of the few secretaries on duty in the entire DD/I area. Your willingness to undertake the task of typing this paper, knowing that overtime substantially beyond the normal closing time would be necessary, is particularly note-worthy in view of the transportation uncertainties which were expected to prevail at the late hour when typing of the paper would be completed.

2. You are commended for your dedication in reporting for work under extremely adverse conditions and particularly for an excellent job well done. This Office is indeed fortunate in having you as a member of its staff.

3. I have instructed that a copy of this memorandum be placed in your Official Personnel File.
